C. Purpose of the e-Manifest Advisory Board

The Hazardous Waste Electronic Manifest System Advisory Board is established in accordance with the provisions of the Hazardous Waste Electronic Manifest Establishment Act, 42 U.S.C. 6939g, and the Federal Advisory Committee Act (FACA), 5 U.S.C. App.2. The e-Manifest Advisory Board is in the public interest and supports the EPA in performing its duties and responsibilities. The Board shall meet annually to discuss, evaluate the effectiveness of, and provide recommendations about the system to the EPA Administrator.

The sole duty of the Advisory Board is to provide advice and recommendations to the EPA Administrator. As required by the e-Manifest Act, the e-Manifest Advisory Board is composed of nine (9) members. One (1) member is the EPA Administrator (or a designee), who serves as Chairperson of the Advisory Board. The rest of the committee is composed of:

- At least two (2) members who have expertise in information technology;
- At least three (3) members who have experience in using or represent users of the manifest system to track the transportation of hazardous waste under the e-Manifest Act;
- At least three (3) members who are state representatives responsible for processing manifests.

All members of the e-Manifest Advisory Board, except for the EPA Administrator, are appointed as Special Government Employees or Representatives.

D. Public Meeting

EPA launched the e-Manifest system on June 30, 2018. e-Manifest provides those persons required to use a Resource Conservation and Recovery Act (RCRA) manifest under either federal or state law the option of using electronic manifests to track shipments of hazardous waste and to meet certain RCRA requirements. By enabling the transition from a paper-intensive process to an electronic system, EPA estimates e-Manifest will ultimately save state and industry users more than \$50 million annually, once electronic manifests are widely adopted.

Under the Hazardous Waste Electronic Manifest Establishment Act (e-Manifest Act) of 2012, EPA must collect user fees to offset the costs of developing and operating the e-Manifest system. In January 2018, EPA published regulations establishing the methodology which the Agency will use

to set and collect user fees for the e-Manifest system. Under the final rule, EPA charges a fee to receiving facilities for each manifest submitted to EPA's e-Manifest system. User fees are tailored to the method used to submit manifests to EPA, *e.g.*, different fees apply for electronic manifests than for paper manifests uploaded to the system. In addition, EPA is required to publish revised user fee schedules at two-year intervals.

The purpose of this March 2–4, 2021, e-Manifest Advisory Board meeting is for the Board to advise EPA on its proposed program priorities and user fees for the FY2022/FY2023 cycle.

E. e-Manifest Advisory Board Documents and Meeting Minutes

The meeting background paper along with related supporting materials including the charge/questions to the Advisory Board, the Advisory Board membership roster (*i.e.*, members attending this meeting), and the meeting agenda will be available by approximately mid-January 2021. In addition, EPA may provide additional background documents as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available at <http://www.regulations.gov> via the docket ID number EPA–HQ–OLEM–2020–0571 and at the e-Manifest Advisory Board website at: <https://www.epa.gov/e-manifest/hazardous-waste-electronic-manifest-system-e-manifest-advisory-board>.

The e-Manifest Advisory Board will prepare meeting minutes summarizing its recommendations to EPA approximately ninety (90) days after the meeting. The meeting minutes will be posted on the e-Manifest Advisory Board website, or they may be obtained from the public docket at <http://www.regulations.gov> via the docket ID number EPA–HQ–OLEM–2020–0571.
